

## From The Founder

Over the years, there has been significant changes in the financial institution and FinTech industries in risk management, efficiencies, and staying relevant. Secura Risk Management works closely with financial institutions and FinTechs to simplify regulatory compliance and risk management workflows while staying competitive. Emerging risks and fraud threats continue to increase. The costs associated with one fraud event, regulatory consent order, consumer privacy or data breach, untrained staff and/or broken workflows can be significant resulting in monetary losses and reputational damage to your brand. Look at what we offer and let us know how we can help you grow your business.

Warmest Regards,  
Terri Sands, CAMS - Audit, CFE, AAP, ACT Specialist

## 2020 Membership Benefits Include:

### Member Webinars

#### 33 Webinars Per Calendar Year

Simple easy-to-understand training to enhance your risk management program while continuing to offer existing and new payment services effectively and safely. All webinars are recorded and available on our member site so you can listen to them when it is convenient for you.
